2005 MOUNTAIN LION

Montana Hunting Regulations

- Purchase Your Hunting and Fishing Licenses Online
  Mountain Lion License must be purchased by August 31, 2005
- Apply for Special Permit Drawings Online
  Permit deadline: September 30, 2005

DANIEL J. COX / NATURAL EXPOSURES

Montana Fish, Wildlife & Parks

Turn in Poachers: 1-800-TIP-MONT (847-6668)

These regulations and final quotas will be adopted under the authority granted to the Fish, Wildlife and Parks Commission per MCA, Section 87-1-301 and are valid March 1, 2005 through April 14, 2006. These regulations were adopted by the Montana Fish, Wildlife and Parks Commission on June 9, 2005. M. Jeff Hagener, Director.

License Requirements

The following licenses, except the mountain lion trophy and special permits, are available at all Fish, Wildlife & Parks offices, FWP license providers throughout the state, and online at fwp.mt.gov or discoveringmontana.com. The license is valid March 1 through the dates listed in these regulations and is subject to quota closures.

LICENSE	REQUIREMENTS	COST
Conservation	**Required Prerequisite**	**$6.25 Resident $9.25 Nonresident**
Mountain Lion	**Available to resident and nonresident conservation license holders 12 years of age or older. Must be purchased or U.S. mail postmarked by August 31.**	**$15 Resident $320 Nonresident**
Hunting Access Enhancement Fee	**Annual fee charged at the time the hunter purchases his/her first hunting license (for that license year).**	**$2 Resident $10 Nonresident**
Mountain Lion Trophy	**Trophy fee required for license after mountain lion harvest.**	**$50 Resident $50 Nonresident**
Resident Hound Training	**Available to resident conservation license holders 12 years of age or older.**	**$5 Resident Only**
Special Permit-Resident	**Applications must be postmarked by September 30.**	**$3 Resident**
Hunting Harvest Permit-Nonresident	**Applications must be postmarked by September 30.**	**$3 Nonresident**

- The deadline to purchase a mountain lion license is August 31. If applying by mail, applications must be postmarked by the U.S. Postal Service no later than August 31.
- A hunter may purchase only one mountain lion license per year.
- Hunters may apply for a mountain lion special permit online at fwp.mt.gov or discoveringmontana.com. Hunters also have the option of applying by the deadline at any FWP office or through the U.S. Postal Service as specified in these regulations. The deadline to apply for a special permit is September 30.
- A nonresident hunter hunting with dogs and not hunting with an outfitter must have a hunting harvest permit (HHP) to take a lion in certain portions of Region 1 (100 series hunting districts) during the winter season.
- Resident hound training license (RHTL) – A Montana resident who is 12 years of age or older or who will turn 12 years old before or during the season for which the license is issued is entitled to use a dog or dogs to aid in pursuing mountain lions or bobcats during the training season per MCA 87-2-521.
  - A person may not kill a mountion lion with a RHTL.
  - A person may purchase only one RHTL.
  - A valid conservation license is required to purchase a RHTL
  - The cost of the RHTL is $5.
  - The RHTL is available at all FWP offices and all FWP license providers.
  - The RHTL for the 2005 license year is available for purchase through April 14, 2006.

Mailing Lists –
- FWP regularly receives requests for mailing lists. This year, to better protect your privacy, when you purchase a conservation license you'll be asked if you want your name and address included on mailing lists that FWP will compile for vendors, businesses and others who seek this information.
- While FWP will not include your name and address if you so request, it is important for you to know that Montana law requires FWP to allow public access to department records. As a result, vendors, businesses and others who wish to compile their own mailing lists may do so.
- Your privacy is important to FWP and the State of Montana. To further protect your privacy, FWP will not allow access to your Social Security number, ALS number, phone number, age, date of birth, employer, height, weight, eye and hair color.

General Regulations

Check Stations – All hunters are required to stop as directed at all designated check stations on their way to and from hunting and fishing areas, even if they have no game or fish to be checked.

Bobcat and Lynx –
- Nonresidents may not take bobcat.
- Lynx are listed as a threatened species and there is no open season. It is a violation of both state and federal law to knowingly chase lynx with dogs.

Export Mountain Lions –
- A CITES permit is required in order to export mountain lion hides or parts out of the United States. Information on these permits and how to acquire them may be obtained from: Office of Management Authority, USFWS, 4401 N. Fairfax Drive, Room 432, Arlington, VA 22203 or telephone 1-800-358-2104 or local USFWS office or agent.
- Transporting - If you are transporting game or fish between Montana and Canada, whether for commercial or non-commercial purposes, you must complete a USFWS declaration form. Contact the USFWS Wildlife Inspector at 406-335-4350 -- or www.fws.gov -- for details.

Hunter Education – All persons born after January 1, 1985, are required to provide proof of completion of a Montana Hunter Safety and Education Course or a hunter safety course in any other state or province prior to applying for or purchasing a hunting license.

Hunter Orange Requirement – Any person hunting or accompanying hunters (including outfitters and guides) must wear a minimum of 400 square inches of hunter orange (fluorescent) material above the waist visible at all times.

Method of Taking –
- As a big game animal, mountain lions may only be taken by hunting (rifle, pistol or archery).
- It is unlawful for anyone to hunt or attempt to hunt any game animal or game bird:
  - from any self-propelled (that is, motorized) or drawn vehicle;
  - on, from, or across any public highway or the shoulder, berm, or barrow pit right-of-way of any public highway (the entire width between the boundary lines of every publicly maintained way when any part thereof is open to the use of the public for purposes of vehicular travel, per MCA 61-1-202) in the State of Montana; or
  - by the aid or with the use of any set gun, jacklight, spotlight or other artificial light, trap, snare, salt lick, or bait per MCA 87-3-101. (Baiting shall mean the placing, exposing, depositing, distributing, or scattering of corn, wheat, or other grain or food sources so as to constitute a lure or attraction.)
- It is unlawful to use any recorded or electrically amplified bird or animal calls or sounds or imitations of bird or animal calls or sounds to assist in the hunting, taking, killing or capturing of any wildlife except predatory animals per MCA 87-3-108.
- Two-way communications may not be used to: 1) hunt big game animals as defined in MCA 87-2-101(8). "Hunt" means to "pursue, shoot, wound, kill, chase, lure, possess or capture." OR 2) avoid game checking stations, FWP enforcement personnel, or to facilitate unlawful activity. When hunting mountain lions or bobcats with dogs, this rule applies when hounds are placed on tracks in a district open to lion or bobcat harvest. The rule shall not be interpreted to prohibit the possession or use of two-way radios for safety or other legitimate purposes, nor does it prohibit the use of radio tracking equipment to locate hounds when hunting mountain lions or bobcats.
- Night Vision Equipment: Use of night vision equipment or electronically enhanced light gathering optics for locating or hunting game is prohibited.
- Airplane Spotting: Aircraft may not be used to locate big game animals for the purpose of 1) hunting those animals within the same hunting day after a person has been airborne; or 2) providing information to another person for the purpose of hunting those animals within the same hunting day after being airborne. The same **hunting day** in this context is defined as between the earliest and latest legal shooting hours.

Shooting Hours – Authorized shooting hours begin one-half hour before sunrise to one-half hour after sunset each day of the hunting season. See official 2005 sunrise-sunset tables for determining shooting hours available at all FWP offices and license providers.

Waste of Game – Hunters, or persons in possession of a game animal or game animal parts, are prohibited from wasting or rendering unfit for human consumption, any part of a game animal, game bird, or game fish that is defined as "suitable for food." For big game animals, **excluding mountain lion**, all of the four quarters above the hock, including loin and backstrap are considered suitable for food. A person harvesting a black bear or mountain lion is prohibited from abandoning the head or hide in the field.

Website – fwp.mt.gov – The FWP website offers a variety of information to help you plan your hunt. You'll find maps, regulations, and links to road reports, weather service sites and other fish, wildlife and parks resources. Also check discoveringmontana.com, the official state website, for a wide variety of information on Montana.

Hunter Access

It is your responsibility as a hunter in Montana to always know where you are, to know who owns the land, and to know what access restrictions apply. Always carry a map that clearly marks hunting boundaries, landownership, and travel restrictions. Maps may be obtained at most federal agencies such as U.S. Bureau of Land Management and U.S. Forest Service offices, as well as some sporting goods stores. Also, be sure to visit the FWP website for the 2005 Interactive Hunt Planner.

Block Management: The Block Management program is a cooperative effort among private and some public landowners, FWP, and hunters. The program seeks to: (1) maintain public hunting access to private and isolated public lands; (2) help landowners manage public hunting and provide benefits to offset impacts like increased road maintenance and weed control; and (3) help FWP manage wildlife. Each FWP Region administers the Block Management Areas (BMAs) for its portion of the state. If you are interested in hunting a BMA, contact the regional office in the area you wish to hunt. Regional tabloids listing lands enrolled in the program are available annually on August 15, which is also the earliest date to reserve access to a BMA. For general information about block management, contact FWP at 406-444-2602.

Private Land: Montana law requires permission for all hunting on private land. Even if the land is not posted, hunters must have permission from the landowner, lessee, or their agent before hunting on private property. Landowners may grant permission face-to-face, over the phone, in writing, or by posting signs that explain the type of hunting allowed—game species or sex—and under what conditions. Visit FWP's website for the 2005 Interactive Hunt Planner or visit http://nris.state.mt.us for assistance with land ownership.

Railroad Access: Railroads and railroad right-of-ways are private property and may not be hunted without permission, nor should they be used as access to other lands (private or public) without explicit permission from the railroad. Consult the individual railroad for details.

Stream Access: Big game hunting between the ordinary high water marks of streams and rivers is illegal without landowner permission. Landowner permission must be obtained to hunt private lands adjacent to waterways.

Public Land:

- National Parks are closed to hunting.
- National Wildlife Refuge lands are closed except those areas designated open to public hunting. For hunting opportunities on National Wildlife Refuges or Federal Waterfowl Production Areas, inquire at the local refuge office.
- For hunting opportunities on federal lands such as U.S. Forest Service or U.S. Bureau of Land Management, inquire at the l local federal office.
- Access to public lands through private land requires permission of the private landowner, lessee, or their agent.

State School Trust Lands: A $2 fee paid when you purchase your conservation license, provides hunters, anglers and trappers access to legally accessible State School Trust Lands. Trappers still need to secure a "Special State Lands Recreational Use License" from the Department of Natural Resources and Conservation (DNRC), usually at no additional charge. Other recreational activities such as hiking and bird watching still require the $10 fee. These activities cannot, by Federal statute, be covered by the conservation license. These rules apply:

- On lands outside designated campgrounds there is a 2-day camping limit.
- Overnight (2 night) camping is allowed within 200 feet of a legal access point.
- Horses may not be kept on state land overnight.
- Motorized travel is only allowed on public roads or on designated roads.
- Designated roads signed as "open" to motorized vehicle use or the information as to which roads are designated as open is available from the DNRC Offices.
- Motorized use of other roads and trails and all off-road use is prohibited.
- Game retrieval is by foot or horse only.
- No open fires are allowed except in designated campground fire pits. Contained mechanical heat sources are allowed.
- Firearms may not be discharged within ¼ mile of an inhabited dwelling or outbuilding without permission of the inhabitant.
- State School Trust Lands within Block Management Areas (BMA) may have more liberal regulations. Consult the individual regulations for specific BMAs.
- Additional information regarding the rules, regulations, and restrictions governing these activities is available from FWP or contact DNRC at 406-444-2074.

State Game Preserves: State game preserves may or may not be open to limited hunting. For more information, contact a regional FWP office.

State Wildlife Management Areas (WMA): Wildlife Management Areas are generally open for hunting. They are closed to public entry, unless otherwise posted, from the day following the end of the general deer-elk season or December 1, whichever is later, to May 15 each year, as posted.

- Exceptions: Blackfoot-Clearwater WMA closes November 10; Kootenai Falls WMA is open year long; Porcupine (Gallatin), Dome Mountain, Bear Creek and Wall Creek WMAs open May 1.

Tribal Land: Only tribal members are allowed to hunt big game on Indian Reservations, unless otherwise provided for by agreements between the State of Montana and Tribal Government. For questions contact the respective Tribal Government office.

Harvest Limits and Quotas

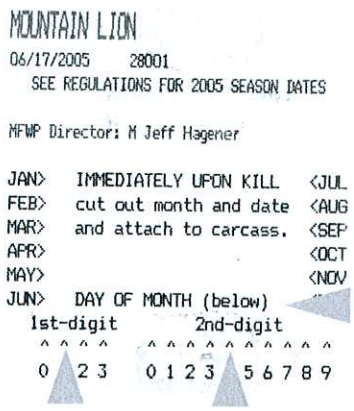
- A hunter may legally take one adult mountain lion per season.
- Mountain lion quotas fill quickly in some hunting districts. Check with the FWP regional office or call 1-800-385-7826.
- Statewide Fall Season, Oct. 23 - Nov. 27, WITHOUT DOGS. Fall season will close when 20% of the winter season quota is reached, except in hunting districts 150 and 151.
- Region One Mountain Lion Permits - see quota and drawing information under the 100 Series districts in these regulations.
- Two subdistricts have special permits - hunting districts 101 and 292. See quota and drawing information in these regulations.
- A portion of the Missoula Special Management Area - the Rattlesnake Area has special rules. These rules are available from FWP Missoula office by calling 406-542-5500.
- When the total quota is reached in a hunting district or hunting district group, the mountain lion season for that area will close upon 24-hours notice to the harvest of mountain lions, but no later than April 14. EXCEPTION: HDs 100, 103 & 104 may close on as little as 12-hours notice.
- When the subquota is reached in a hunting district or hunting district group, the mountain lion subquota for that area will close upon 24-hours notice to the harvest of mountain lions, but no later than April 14.
- The Fish, Wildlife and Parks Commission has authorized the department to initiate closure *prior* to reaching the quota or subquota when conditions or circumstances indicate the quota may be reached within the 24-hour closure notice period. EXCEPTION: HDs 100, 103 & 104 may close on as little as 12-hours notice.

Current Harvest Closure Information

- Current harvest information may be obtained:
  - by calling the FWP Headquarters in the administrative region where the hunting district is located during normal business hours **or,**
  - by calling1-800-385-7826 for statewide information **or,**
  - by checking the FWP website at fwpwld@mt.gov available 24-hours a day.
- The toll-free line and FWP website are updated daily by 1 p.m. MST.

Procedures to Follow Upon Harvesting a Mountain Lion

- Immediately after killing a mountain lion, hunters must cut out the proper month and day of the kill from the appropriate license and attach it to the hide in a secure and visible manner.
  - To properly validate a license (sometimes referred to as a "tag"), locate the month and day the animal was killed and completely cut away (notch out) the month and day designations. Be aware, only one correct month and day designation must be removed completely from the license. Removing more than one month or more than one day invalidates the license. The example below shows a properly validated license for a mountain lion taken on December 14.



- Evidence of sex must remain naturally intact on the hide.
- Personally report the lion kill within 12 hours by calling the FWP Regional Office during office hours (8 am - 5 pm weekdays) in the administrative region where the kill was made. Reports can be made after office hours and on weekends by calling the Mountain Lion Harvest Reporting Number at 1-800-230-9865.
- Personally present the hide and skull within ten (10) days to an officer of FWP residing in the administrative region in which the license was filled, for the purpose of:
  - inspection and recording of kill.
  - verify evidence of sex.
  - removal of a tooth for aging purposes.
  - issuance and attachment of a hide tag. The hide tag must thereafter remain attached to the hide until tanned.
  - issuance of a trophy license, which costs $50.
- Hunters unable to comply with the tagging and trophying requirements due to special or unique circumstances, must contact the administrative region in which the lion was killed and receive authority for tagging and trophying outside the region in which the animal was taken.
- It is unlawful for anyone to possess, ship, transport, sell or purchase any mountain lion, or part thereof, unless they have been tagged as prescribed.
- As a condition of hunting in Montana, a hunter harvesting a mountain lion must, if required by FWP, physically return to the kill site for inspection.

Use of Dogs

- Dogs may be used to chase or hunt mountain lions in the winter season.
- Lion hunting and chasing is open one-half hour before sunrise to one-half hour after sunset for the dates listed by hunting district. Exceptions: hunting districts 150 & 151 are open to the use of dogs September 15 - April 14; portion of hunting district 292 (292-02) the hound training season is Jan. 1 - Apr. 14, 2006.
- Bobcat chasing is open from one-half hour before sunrise to one-half hour after sunset in the hunting districts where mountain lion season is open. Bobcat chasing is open from two hours before sunrise to one-half hour after sunset in the hunting districts where mountain lion season is closed. Nonresidents may not take bobcat.
- Permission is required to release dogs or chase lions on private land.
- It is prohibited for a dog owner or lion hunter to release dogs on a lion track, or allow dogs to chase a lion, or hold a lion at bay during any period of the day or year when the season is not open to hunting or chasing lions. Legitimate attempts to retrieve loose dogs after legal hunting hours does not constitute a violation of this rule.
- Persons handling dogs in the field are required to have purchased a mountain lion license if hunting or a resident hound training license if only training dogs.
- Outfitters and guides will be eligible to handle hounds with only a valid conservation license and a valid Montana outfitter or guide license in their possession. Guides will also be required to provide the license number of the outfitter on whose license they are guiding.
- A hunter that has purchased a valid mountain lion license may legally chase mountain lion during the hunting season.

Mountain Lion Hunting Seasons

Statewide Fall Hunting Season Without Dogs – October 23 - November 27

- Any legal mountain lion, except as noted below, may be taken during the fall season, October 23 - November 27. The season will close on November 27 or upon reaching 20% of the quota established for the winter season as shown in these regulations. Use of dogs is prohibited during this season. Reporting requirements are listed under "Procedures to Follow Upon Harvesting a Mountain Lion".
- Female lions with kittens or kittens with spots may not be taken. If a lactating female is killed, the hunter is to inform an official of FWP as soon after the kill as possible so that an attempt can be made to backtrack the lion and locate the kittens. No juveniles (with body spots) shall be killed. The fall season harvest will be deducted from the winter season quota.

Winter Season - December 1 - April 14

- Female lions with kittens may not be taken. If a lactating female is killed, she shall be backtracked and the kittens captured and turned over to FWP within 24 hours (kittens are young of the year). No juveniles (with body spots) shall be killed.
- All resident and nonresident mountain lion license holders may pursue and chase mountain lions from December 1 to April 14.
- Resident and nonresident hunters may harvest a mountain lion with a valid mountain lion license within the established quotas.
- In Region One series districts nonresidents not booked with an outfitter must successfully draw a Nonresident Hunter Harvest Permit (HHP) to harvest a lion with dogs.

Hound Training Season - December 2 - April 14

- A person must be a Montana resident and 12 years of age or older, or who will turn 12 years old before or during the training season.
- The cost of the hound training license is $5.
- In a portion of hunting district 292 (292-02), the training season is January 1 to April 14, 2006.
- Bobcat chasing is open from one-half hour before sunrise to one-half hour after sunset in the hunting districts where mountain lion season is open. Bobcat chasing is open from two hours before sunrise to one-half hour after sunset in the hunting districts where mountain lion season is closed. Nonresidents may not take bobcat.

Lion Hunting Only By Special Permit

- Applicants must possess a current year conservation license and a valid mountain lion license.
- The deadline to apply for a special permit is September 30. If applying by mail, applications must be postmarked by the U.S. Postal Service no later than September 30.
- Hunters may apply for only one special permit to hunt mountain lions in any of the hunting districts listed below.
- Drawing results will be available the second week of October from the FWP Kalispell office for 101-02 and the FWP Missoula office for 292-02.

Portion of HD 101 - Apply Using 101-02

- The special permit in a portion of hunting district 101 is valid from December 1, 2005 - April 14, 2006. Hunters may ONLY hunt within the boundaries identified on a hunting map that will be mailed to all permit holders.
- HD 101-02 (Eastside Koocanusa Area) - 4 any legal lion
- Nonresidents are limited to no more than 10% of permits offered. Therefore, nonresidents may not apply for the 101-02 permits. Hunters are permitted to hunt only in the portion of the hunting district for which the permit is valid. Hunting in the permit area will continue for 101-02 permit holders throughout the legal lion season even though the quota may have been met and no other hunting is permitted in the hunting district.
- Hunters may apply for a mountain lion special permit online at fwp.mt.gov or discoveringmontana.com OR over the counter at any FWP regional or area office no later than September 30, 2005. Hunters also have the option of applying by submitting their name, address, phone number, ALS number, and hunting district number along with a $3 nonrefundable drawing fee. All applications must be postmarked no later than September 30, 2005. A special permit application may be downloaded from the FWP website or may be

homemade. Send to Montana Fish, Wildlife & Parks, 490 North Meridian Road, Kalispell MT 59901.
- Applicants must possess a current year conservation license and a valid mountain lion license.
- Drawing results will be available the second week of October. Hunters may check results online at fwp.mt.gov. Successful applicants will be mailed a permit.

Special Blackfoot Lion Permit Area - Apply Using 292-02
- The special permit is for one male lion.
- The special permit is valid from January 1, 2006, through April 14, 2006, and is valid for all Blackfoot lion districts, which includes hunting districts 280, 281, 283*, 284, 290, 291, 292* and 293. *Except the Missoula Special Management Area.
- Nonresidents are limited to no more than 10% of permits offered, therefore, nonresidents may not apply for the 292-02 permit. Hunters are permitted to hunt only in the hunting districts or portion of the hunting districts for which the permit is valid.
- Hunters may apply for a mountain lion special permit online at fwp.mt.gov or discoveringmontana.com OR over the counter at any FWP regional or area office no later than September 30, 2005. Hunters also have the option of applying by submitting their name, address, phone number, ALS number, and hunting district number along with a $3 nonrefundable drawing fee. All applications must be postmarked no later than September 30, 2005. A special permit application may be downloaded from the FWP website or may be homemade. Send to Montana Fish, Wildlife & Parks, 3201 Spurgin Road, Missoula, MT 59804.
- Applicants must possess a current year conservation license and a valid mountain lion license.
- Drawing results will be available the second week of October. Hunters may check results online at fwp.mt.gov. Successful applicants will be mailed a permit.

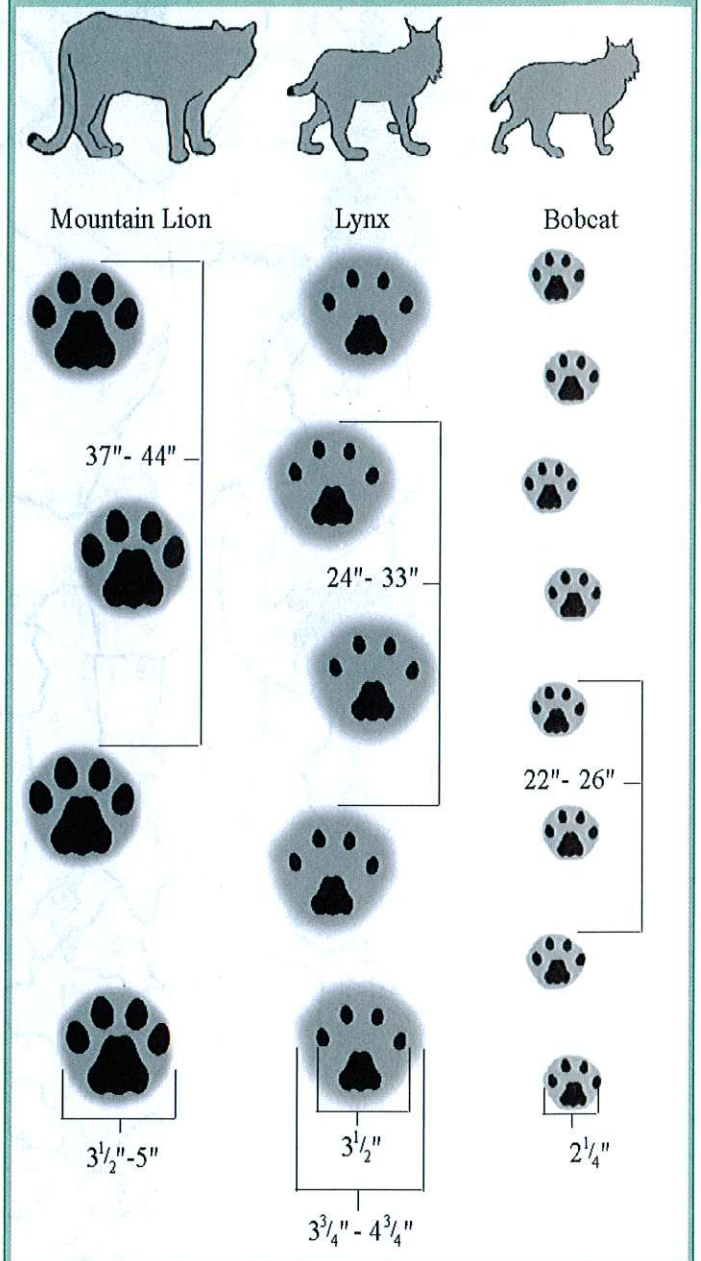
Nonresident Lion Hunting Harvest Permits (HHP)
- A hunting harvest permit (HHP) is required for a **non-outfitted nonresident** to hunt with dogs and **take** a mountain lion in Region One (100 series districts) in northwest Montana except HDs 150 & 151. This permit, awarded by a random drawing for each Region One hunting district or district aggregates enables a nonresident to participate in the hunting season with dogs and take a mountain lion under the hunting district quota. The hunting of lions will close for both residents and nonresidents upon reaching the established quota or closure for each district or district aggregates.
- All hunting districts in the 100 series EXCEPT 150 & 151 will offer hunting harvest permits to nonresidents. Nonresident hunters with a hunting harvest permit are permitted to hunt with dogs in the district for which the permit is valid. Nonresidents hunting with an outfitter or guide need not apply for the following hunting harvest permits because they do not need one.

HD 100-00	2 HHPs	HD 110-00	1 HHP	HD 130-00	2 HHPs
HD 101-00	2 HHPs	HD 120-00	1 HHP	HD 132-00	
HD 102-00	2 HHPs	HD 121-00	3 HHPs	& 170-00	2 HHPs
HD 103-00	1 HHP	HD 122-00	1 HHP	HD 140-00	1 HHP
HD 104-00	1 HHP	HD 123-00	1 HHP	HD 141-00	1 HHP
HD 109-00	1 HHP	HD 124-00	1 HHP		

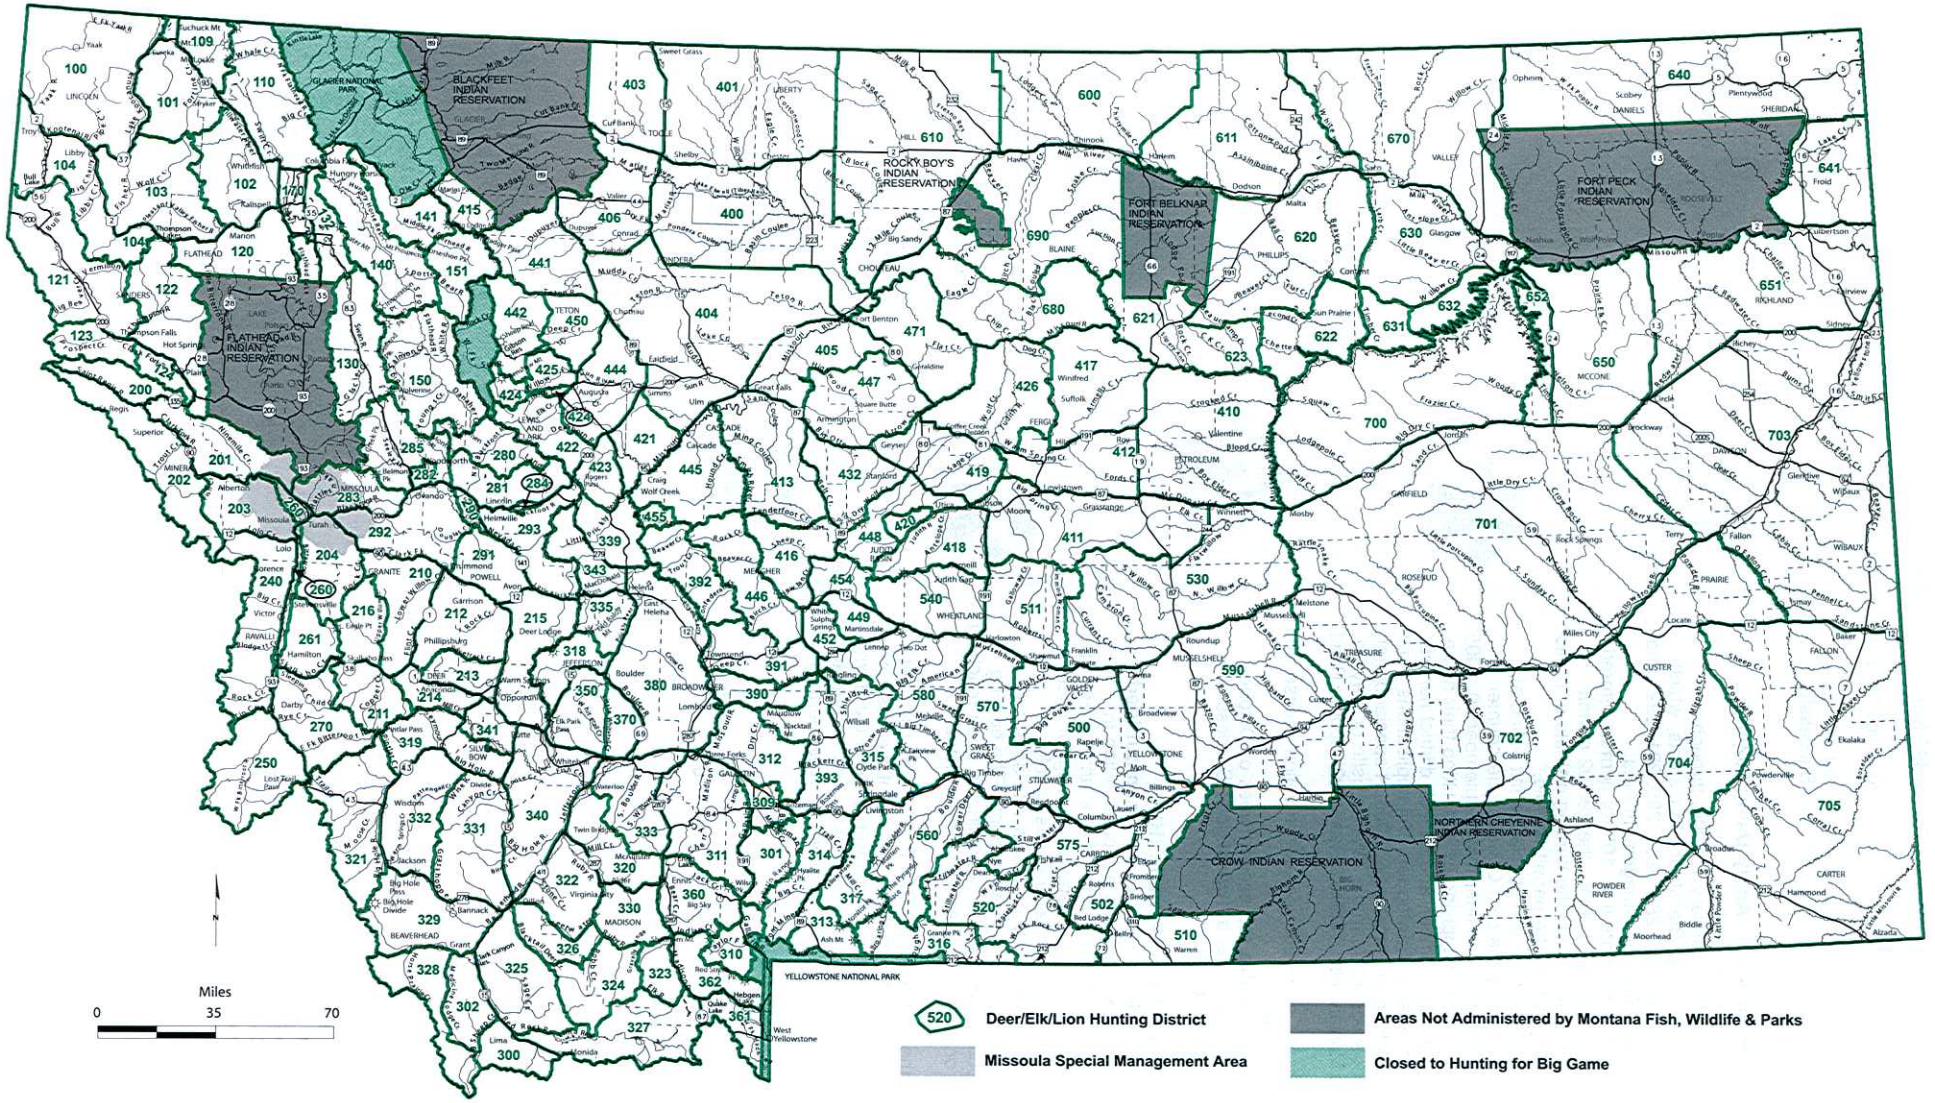
- Hunters may apply for a mountain lion special permit online at fwp.mt.gov or discoveringmontana.com OR over the counter at any FWP regional or area office no later than September 30, 2005. Hunters also have the option of applying by submitting their name, address, phone number, ALS number, and hunting district number along with a $3 nonrefundable drawing fee. All applications must be postmarked no later than September 30, 2005. A special permit application may be downloaded from the FWP website or may be homemade. Send to Montana Fish, Wildlife & Parks, 490 North Meridian Road, Kalispell MT 59901.
- Applicants must possess a current year conservation license and a valid mountain lion license.
- Drawing results will be available the second week of October. Hunters may check results online at fwp.mt.gov. Successful applicants will be mailed a permit.

Cat Identification

Field identification characteristics of mountain lion, lynx, and bobcat—physical markings and tracks in the snow.
Montana Fish, Wildlife & Parks, 1999



- Note differences in tail length of lion and black markings on tip of lynx and bobcat tail.
- Lynx ear tufts are longer than bobcat ear tufts.
- Lion and lynx foot sizes are similar; bobcat is much smaller.
- Tracks are shown with shaded area representing impression of hair in the snow.
- Note track size and stride length differences between species.



(999) Circled numbers indicate districts with boundaries that may be difficult to locate on this reference map.

Map intended only as a guide. Please refer to the legal descriptions in the Deer/Elk hunting regulations or on the FWP website www.fwp.mt.gov for actual boundary description.

Hunting District (or groups)	Hunting Season	Final Lion Harvest Quotas

Annual HUNTING & HARVEST Survey

"We're counting on you!"

For over 20 years, Montana Fish, Wildlife & Parks has conducted an annual telephone survey to gather hunting and harvest information for Montana game species. The survey begins in mid January and continues into March.

Telephone interviewers located across the state call from their homes mid-week evenings and weekends to speak to hunters one-on-one to get the most accurate information possible. Results from the statewide survey are used by wildlife managers to evaluate hunting seasons and to set permit quotas, season dates and other regulations.

So when your phone rings in the coming months, you might not recognize the name on Caller ID but it could be a friendly Fish, Wildlife and Parks interviewer hoping to visit with you about your hunting!

Stay Informed.

Subscribe to *Montana Outdoors* today!

Get the latest information on Montana's fish and wildlife management in *Montana Outdoors*. Published by Montana Fish, Wildlife & Parks, this full-color magazine is packed with information that puts you on the inside track of Montana's major issues: elk management, wildlife population monitoring, endangered species, and much more.
